to offer a

# USED PHOTO EQUIPMENT BUYBACK PROGRAM

Your used photo gear is worth money to you *and* to the Ernest Brooks Foundation through our partnership with KEH Camera. KEH will donate a percentage of every buyback (a minimum of 5%) of your used equipment, with a match of another 5% of each donation. When you sell your used gear to KEH, you may choose to *receive* the full value of the sale, to *donate* the full value, or *donate a portion* of your proceeds. No matter what your choice, the Foundation will receive a donation.

## HOW TO DONATE:

**Step One:** Contact KEH representative (see below) with information on gear and to request a shipping label.

**Step Two:** Gear will be evaluated

**Step Three:** Receive check, donation receipt, or both.

Contact our purchasing team with your equipment information so that it can be appraised (email preferred).
